

SKATE THOMPSON

October 30th, 2016

THE RINK TRAINING CENTRE is proud to announce our newest offering in Thompson, Mb. This skating clinic is designed to give skaters the knowledge and understanding of what it takes to be an elite skater.

DEVELOPMENT OBJECTIVE:

*The coaches at THE RINK TRAINING CENTRE understand the importance of individual skills for ALL players. This philosophy is translated into a positive, pressure free environment where players are encouraged to try new things without the fear of making a mistake. Our **Skating Clinic** will offer players the opportunity to touch up on their skill set, while learning how to bring those specific skills into a game situation for current season.*

Lead Instructor Addie Miles is a Skate Canada and CanPower certified skating coach with The RINK Training centre professionals. She has had years of experience coaching skaters at all different levels. Addie is currently the skating coach for the University of Manitoba Bison women's hockey team and is currently training with players at the NCAA level. She is excited to bring her knowledge to the younger players to encourage kids to continuously strive to become better skaters.
